REGULATION

- Pre-trained model
- Encouraged to open source after the competition
- One account per participant
- No private sharing outside teams
- Term of using data :
 - ▶ Only use data for non-commercial research and educational purpose.
 - ▶ Do not distribute the datasets.

REGULATION

- Team and product :
 - ▶ Maximum 5 mems per team
 - ▶ Submits a maximum of 2 entries per day
 - ▶ Only choose 1 final submissions for judging

DATASET

DATASET

- Three parts of datasets :
 - ▶ Training data : 9078 datasets
 - ▶ Public test data : 1118 datasets.
 - ▶ Private test data.

DATASET

- Three parts of datasets :
 - ▶ Training data : 9078 datasets
 - ▶ Public test data : 1118 datasets.
 - ▶ Private test data.
- Time restriction : 6 hours on test servers.

DATASET

- Specific detail :

DATASET

- Specific detail :
 - ▶ Vietnamese song in the audio in .mp3 format
 - ▶ Its metadata :
 - ★ ID
 - ★ Title
 - ★ Composer
 - ★ Singer
 - ★ Its Zing MP3 rank from 1 to 10 for 6-month period
 - ★ Released date : 2017 and 2018

 - ▶ Folk music
 - ▶ Pop music
 - ▶ etc

SUBMISSION FORM

SUBMISSION FORM

- Submit a csv file including ID from the test file and its predicted rank from 1 to 10.

SUBMISSION FORM

- Submit a csv file including ID from the test file and its predicted rank from 1 to 10.
- Solution submit : submit training code, testing code and models.

SUBMISSION FORM

- Submit a csv file including ID from the test file and its predicted rank from 1 to 10.
- Solution submit : submit training code, testing code and models.
- Final results submit : Submit final solution for private test set.
